### **Bush, bin Laden visit Pakistan in tellingly different ways**

“The best military technology can do only so much, however. Better yet would be to have those chanting “death to Bush” turn against bin Laden.

Citing *Terror Free Tomorrow’s* work as the evidence, the Editorial Board of *USA Today* concludes:

“That’s difficult but not impossible.

“Reaching people on a human level was once a larger part of U.S. policy. By leading with its values and again becoming a beacon of hope in the developing world, the United States could advance both the search for bin Laden and the battle against his hateful ideology.”
